Edmonton Class updates:

The current 3rd year class is a good class. There are 14 students.

4th – starts January 8 - 3 spots available

1st – starts February 2- Full, 5 on wait list

If you are registering and a class is full, still register as if there is a long wait list, it will increase the chances on another class added if they see the need is there.

The new exams by ScanTron are setup and working well. The marks and a list of the questions that were answered wrong are automatically sent electronically to the student.

Skills

Skills including Try a Trade will be held this spring, dates to be confirmed. Volunteers will be needed. There will not be a SAIT class running at the time so they cannot guarantee student volunteers this year.
