

Meeting called to order at 6:44pm by Rick M.

1. Committee Reports:

PGAA

Regarding the status of the Edmonton Glazier School, Ross reviewed the contents and purpose of the GTA letter to the Minister. Ross encouraged individual members to write similarly focused letters to their MLA's and to the three names and addresses provided on the GTA letter. Perhaps a follow up phone call a few days later to reinforce the urgency in this matter. Clint stated that he has reached out to NAI, but has not received a firm answer from them. Lynn suggested we contact Scott @ Careers for their support as well.

Clint – SAIT

Classes are now complete for this term; last class was successful with everyone passing.
