

## Prompt Payment Education Series

**11 am to 12 noon**

**3 part series – June 21, 22, 23, 2022**

**June 21 – The Journey of a Trade Contractor's Invoice**

**June 22 – A Step by Step Guide to Dispute Adjudication**

**June 23 – The evolution of contracts under prompt payment legislation**

These sessions will provide detail required to help your business prepare to successfully operate within the rules of prompt payment legislation. Invoicing protocols, forms and notices, the process of adjudicating disputes, and what you need to know before legislation is enacted on August 29<sup>th</sup>, 2022.

This legislation will dramatically impact the manner in which invoices are rendered and will set mandatory time periods in which payments must be made to all parties involved in the construction chain.

The webinar will include over 50 FAQs relating to prompt payment, builders' liens and holdbacks, adjudication, consolidation, the transition period and what your organization can do to get prepared. It will also include a segment on lessons learned from other provinces who have prompt payment legislation already in place.

Registration is now open, more detailed descriptions can be access [here](#).
